

2017/2018 IJS Rule Verification Protocol with Guidelines for Novice through Juvenile and Adults Singles, Pairs and Ice Dance

The Technical Panel is responsible for the accuracy of the identification and coded entry of all skated elements and certain deductions. The calculation software program for IJS events, developed by the ISU and used by USFS, comes from Swiss Timing with rule verification capability for Junior and Senior level events. Rule verification capability for US Juvenile, Intermediate, Novice, and Adult level events is implemented by USFS and its officials. Tables for assistance in rule vetting for Novice, Intermediate, Juvenile, and Adult events are included at the end of this document. These tables are not official rules, but you can use them as a guide. Refer to Rulebooks (USFS and ISU), Technical Notifications, clarifications and other resources for further information.

Rule Verification Coding Specifics

SINGLES

Issue	Level	Vetting
Jump Bonus Jump must be fully rotated or under rotated	Juvenile FS	1.0 for each double Axel
	Intermediate SP and FS	1.0 for one double Axel 1.0 for every triple jump
	Novice SP and FS	1.0 for every triple jump
Jump element not according to requirements	Intermediate – Senior SP	Jump is asterisked Within the jump combination, only the jump that does not meet the requirements receives the asterisk If both jumps satisfy only one part of the rotation requirements, the jump with the original lower base value before any consideration of rotation or edge errors receives the asterisk
Two jump combinations executed	Intermediate-Senior SP	Last jump of second combination is asterisked Example: skater executes a 3Lz + 2T, then a 3F + 2Lo. The second jump element would be 3F + 2Lo*
Jump combination not executed	Intermediate-Senior SP	<ul style="list-style-type: none"> • If only one jump is executed and no attempt to execute second jump, code is first jump+COMBO • If there is an execution error which results in the jumping pass ending after the first jump, the code is 1st jump + COMBO + 2nd jump asterisked <ul style="list-style-type: none"> • Example: Skater executes a double Lutz, falls, then gets up and executes a double toe loop – code is 2Lz + COMBO + 2T* • Example: Skater executes a double Lutz, steps down with transfer of weight, then executes a double toe loop – code is 2Lz + COMBO + 2T*

<p>Jump repeated</p> <p>A jump can be repeated only within the jump combination itself</p>	<p>Intermediate-Senior SP</p>	<p>Any jump that is repeated receives an asterisk unless it is within the jump combination</p> <ul style="list-style-type: none"> • Example: Senior Man executes 3Lo + 3Lo jump combination, then executes 3A as his Axel jump element. Any repeat of the 3Lo or 3A in the last jump element would be asterisked. • Example: Novice Lady executes 2A + 2T jump combination and then a 2A as the required Axel solo jump. The 2A cannot be repeated so the repeated 2A solo jump is asterisked. • Example: Novice Lady executes a 2T immediately preceded by connecting steps, and then a 2Lz + 2T combination. The 2T in the combination would be asterisked, but the skater would receive value for the 2Lz. The code would be 2Lz + 2T*
<p>Exceeds maximum number of jump combinations or sequences</p>	<p>Juvenile-Senior FS Adult Masters Jr/Sr, Masters Int/Nov, Gold, and Silver FS</p>	<p>Only portion of element that violates rules receives asterisk. + REP is added</p> <ul style="list-style-type: none"> • Example: 3 combo/sequences are allowed but 4 are executed. Skaters receives value for first jump only: 2Lz+2T*+REP
<p>Exceeds maximum number of jumps in combinations</p>	<p>Juvenile-Senior FS Adult Masters Jr/Sr, Masters Int/Nov, Gold, and Silver FS</p>	<p>Only portion of element that violates rules receives asterisk</p> <ul style="list-style-type: none"> • Two 3 jump combinations are executed – skater executes 2Lz+2Lo+2Lo followed by 2F+1Lo+2S. The last 3 jump combination would be 2F+1Lo+2S* • Four-jump combination: The last jump in the combination is asterisked. (Example: 2Lz + 2Lo + 2T + 1Lo*)
<p>Jump combination or sequence execution errors</p>	<p>Juvenile-Senior FS Adult Masters Jr/Sr, Masters Int/Nov, Gold and Silver FS</p>	<p>If skater has an execution error which results in the combination or sequence ending after the first jump, the code is 1st jump + SEQ + 2nd jump asterisked</p> <ul style="list-style-type: none"> • Example: Skater executes a double Lutz, falls, then gets up and executes a double toe loop – code is 2Lz + SEQ + 2T* <p>Example: Skater executes a double Lutz, steps down with transfer of weight, then executes a double toe loop – code is 2Lz + SEQ + 2T*</p>
<p>Repeated solo jump when required to be in combination/sequence if repeated</p>	<p>Juvenile-Senior FS Adult Masters Jr/Sr, Masters Int/Nov, Gold and Silver FS</p>	<p>Second execution of same jump receives +REP Example: senior man performs a 3T as a solo jump and later in the program executes a second 3T again as a solo jump. The second attempt would be 3T + REP</p>

Maximum number of same jump exceeded	Juvenile-Senior FS Adult Masters Jr/Sr, Masters Int/Nov, Gold and Silver FS	Jump that is executed a third time is asterisked. If it is part of a jump combination or sequence, only the jump that exceeds the maximum is asterisked Example: Novice lady executes a 2Lo + 2Lo, then later does a 2Lz + 2Lo. The second jump element would be 2Lz + 2Lo*
Maximum number of jumps that can be repeated exceeded	Juvenile-Senior FS Adult Masters Jr/Sr, Masters Int/Nov, Gold and Silver FS	Element that violates the rule is asterisked. If this is part of a combination or sequence, only the jump that exceeds the maximum is asterisked. Example: Juvenile skaters may repeat only 3 different double jumps. If there is a repeat of a 4 th different double jump, that jump is asterisked
No Axel type jump	Juvenile-Senior FS Adult Masters Jr/Sr and Masters Int/Nov FS	If skater has executed maximum number of jump passes, the last jump element is asterisked. If it is part of a jump combination or sequence, the entire element is asterisked If skater has not used all jump elements, credit is given for all jumps executed
Maximum number of jump elements exceeded	Juvenile-Senior FS Adult Masters Jr/Sr, Masters Int/Nov, Gold and Silver FS	All jumps in jump elements in excess of maximum allowed are asterisked.
Spins of same nature (same code)	Juvenile-Senior FS Intermediate-Senior SP Adult Masters Jr/Sr, Masters Int/Nov, Gold and Silver FS	Repeated spin is asterisked
Incorrect spin executed	Juvenile-Senior FS Intermediate-Senior SP	Spin that is not according to requirements is asterisked

	Intermediate SP and FS	1.0 for each double Axel achieved by both partners
	Novice SP and FS	1.0 for each double Axel and each triple jump achieved by both partners
Jump element not according to requirements	Intermediate – Senior SP	Jump is asterisked Within the jump combination, only the jump that does not meet the requirements receives the asterisk If both jumps satisfy only one part of the rotation requirements, the jump with the original lower base value before any consideration of rotation or edge errors receives the asterisk
Jump combination not executed	Juvenile-Senior FS Adult Championship Masters, Masters and Gold FS	If both jump elements are solo jumps, the second jump receives +REP
Jump combination or sequence execution error	Juvenile-Senior FS Adult Championship Masters, Masters and Gold FS	<ul style="list-style-type: none"> • One skater falls or steps out and the other executes a jump sequence – first jump + SEQ (Example: 2A + SEQ) • One skater falls or steps out and the other executes a jump combination – first jump + COMBO (Example: 2A + COMBO) • Both skaters fall or step out of an intended jump combination/sequence and no additional jump is attempted or the skaters intentionally attempt a second solo jump – first jump + REP (Example: 2A + REP)
Jump repeated If solo jump is double Axel, triple, or quad it must be different than the jumps in jump combination/sequence	Junior-Senior FS	Any jump that is repeated receives an asterisk unless it is within the jump combination/sequence
Two jump combinations or sequences executed	Juvenile-Senior FS Adult Championship Masters, Masters and Gold FS	First jump of the second combo/sequence receives value and all other jumps are asterisked
Incorrect spin executed	Juvenile-Senior FS Intermediate-Senior SP	Spin that is not according to requirements is asterisked
Repeated lift from same group and takeoff (if Group 5)	Intermediate-Junior FS	Repeated lift is asterisked
