

2018-19 SYNCHRONIZED SKATING TEAM ENVELOPE

The Synchronized Team Envelope is a program to award funding and privileges based on approved criteria and results of the most recently completed competition season. Additional synchronized teams are included in the International Selection Pool (ISP), the pool from which teams are selected to represent the U.S. at international competitions. Inclusion in the Synchronized Team Envelope program does not guarantee selection to the ISP or to Team USA.
