Re: Singles – Spins of a Different Character/Nature in Non-Qualifying Competitions

The No Test, Pre-Preliminary, and Preliminary rules require that any spins performed in a well-balanced free skate be of a different character/nature from each other.

The definition of “character/nature” is the same for 6.0 events as it is for IJS events and can be found in Rule 4103 (E) on page 192 of the [2012-13 Rulebook](#).
