

# HARD WORK REWARDED

SENIOR STUDENT ATHLETES RECOGNIZED FOR SUCCESS IN CLASSROOM, ON ICE

PHOTO BY ROUMIELA DECONTREAUS

U.S. Figure Skating's Program Development Committee is excited to once again recognize a record number of high school students as part of its Graduating Seniors Program. Students receive this distinction for their achievements on the ice and their commitment in the classroom.

This year, the committee bestowed this accolade on more than 625 Graduating Seniors Program award recipients.

"Our skaters put in a tremendous amount of work to be successful, both on the ice and in the classroom," Dorothy Tank, national vice chair for school programs, said. "Recognizing that commitment to excellence and acknowledging their skating accomplishments in a school setting is a great opportunity. I, along with the rest of the

Principal Diego Ochoa presents the Graduating Seniors Program Gold Award to Julianna Decontreaus during Seniors Night at Esparto High School in Esparto, California. Decontreaus will attend UC San Diego Revelle College and hopes to continue skating with the UCSD Figure Skating Team and with the senior Del Sol synchronized skating team.

Celeste Franke-Joyce displays her platinum-level Graduating Seniors award alongside Vice Principal and Athletic Director Jeremy Hawkins during the Honors Night Ceremony at Grosse Pointe South High School, in Grosse Pointe Farms, Michigan.

committee, am excited to see the program continue to thrive."

For platinum-level awardee Karissa Kao, the committee's acknowledgment of her efforts means a lot.

"This award affirms my past decade of hard work at something I love, and recognizes the time and resources that my family has invested in supporting my passion," Kao said. "This shows that it is possible to achieve athletic success and academic excellence."

Kao's mother, Day Kao, echoed her daughter's sentiments.

"Karissa and our entire family are thankful for this award and proud of her accomplishments. The Graduating Seniors Program is such an encouragement and affirmation to the student athletes who have poured their hearts into skating and competing, in addition to excelling in academics."

The award program features an online application with specific application criteria, and an award program divided into four designation levels: platinum, gold, silver and bronze. The specific level designation is awarded based upon the skater's highest verified test achievement or competitive accomplishment, according to the following measures:

**Platinum:** U.S. Championships or international competitor in singles, pairs, ice dance; international competitor in synchronized skating or U.S. Synchronized Championships competitor at the novice level and above

**Gold:** U.S. Championships competitor in singles, pairs, ice dance at the juvenile or intermediate level; sectional championships competitor in singles at the novice, junior or senior level; U.S. Synchronized Championships competitor at the intermediate level; gold medalist in free skate, pairs, ice dance or moves in the field

**Silver:** Sectional competitor in pairs, ice dance or synchronized skating at the intermediate level or above; regional championships competitor; National Solo Dance Series Final competitor; Nation's Cup Ballet on Ice competitor; free skate, pairs or moves in-the-field tests passed at the juvenile through junior levels, or dance tests passed at the silver through pre-gold levels

**Bronze:** National Showcase, National Theatre On Ice; dance tests at the preliminary through pre-silver levels, or free skate, pairs, moves in the field at the pre-preliminary through pre-juvenile levels

Following the application review process, a congratulatory letter, award certificate and lapel pin (in corresponding-level medal color) are awarded to the graduate. The intent of this program is to recognize the skater for his or her accomplishments in skating, and to have this award recognition presented to the skater in front of peers at a school function or recognition opportunity such as senior award night, athletic awards banquet, special honors program or graduation ceremony.

The Graduating Seniors Program Award helps to bridge the gap from high school to college and gives skaters a sense of pride for what they have achieved throughout their high school careers. If you would like to receive more information regarding the Graduating Seniors Program, contact U.S. Figure Skating Programs Manager Karissa Woienski at [kwoienski@usfigureskating.org](mailto:kwoienski@usfigureskating.org).
